Resolution Adopted By Board of Trade

Having to De With the San Carlos Dam Site Controversy.

board of trade was held yesterday deration by the Tempe body has already been adopted by the Phoenix and Mess commercial bodies.

he board vesterday who were not exactly in favor of adopting the resoluion, but when the matter came to a vote, the adoption was made without my opposing votes.

The following is the text of the reso-

f the town of Tempe, Ariz.: 1.—That this body is unalterably op-

osed to the construction of any dam at the San Carlos dam site which may cause the level lands of the San Carlos basin to be submerged and to impair its inestimable value as a gateway for the passage of railroads there through and render the construction of railroads into this section difficult or

application of the Arizona Eastern Railroad company for the grant of the right-of-way over the San Carlos Indian reservation under the act of congress of March 2, 1899, to be constructed at an elevation not greater than forty-four feet above the bed of the Gila river at said proposed dam site, and that this body does hereby urgentrequest the secretary of the interior to approve the application of said Arizona Eastern railroad for the grant of the right-of-way over said San Caos Indian reservation for its line of railroad at an elevation not exceeding said forty-four feet above the bed of the river at said proposed dam site.

3.-That our delegate in congress, the Hon. Ralph H. Cameron, is hereby requested to use all his influence with isit of a few weeks with Mr. and Mrs. Walter Busby and is at present enjoy- the department of the interior to seing the many advantages that Tempe's cure the prompt approval of the appliwinter climate offers in comparison cation of the Arizona Eastern Railroad with that of the Windy City. It is not company for the grant of right-of-way Mr. Snock's first visit to this section over said Indian reservation at an eleby any means. He was through here vation not exceeding forty-four feet with Crook in the latter 70's, not above the bed of the Gila river at the as a soldier but with one of the army proposed San Carlos dam site.

as a soldier but with one of the value of the fact the secretary of the latestory of the latestory and 4.-That the secretary of this body mit to the secretary of the interior and to the Hon. Ralph H. Cameron copies of this report and of these resolutions.

Mr. and Mrs. Robert Clemans, Mrs. HAD A CLOSE CALL. W. J. Clemans and ohildren, left yesterday morning in the Clemans Cadillac wrecking his new machine the other for Roosevelt on a pleasure and sightday between here and Mesa. He me seeing trip. They expect to return ronaway team and, though he did the best he could to give the outfit a clear road, the wagon passed so near LOST-Ladies' woolen shawl. While there he assisted in the selection of a special building site for the church shortly to constructed by the Tucson church

of that denomination. ing a few weeks here.

S.S.S. CURES BLOOD POIS

The only way to cure Contagious Blood Poison is to REMOVE its cause. Trying to kill the germs within the system, or counteract disease cells in the blood with powerful mineral medicines, not only results in failure, but also weakens the more delicate and vital tissues, and allows the original trouble to attack other portions of the body.

It is solely on the principle of removing the cause by purifying the blood, that S. S. S. cures Contagious Blood Poison, and it does this because it is the most perfect and thorough of all blood remedies. It does not work on the principle of killing one poison by taking another, or trying to dry up the germs in the blood, but it cleanses the circulation and REMOVES the last vestige of the contagious infection.

Contagious Blood Poison is the most insidious of all diseases. begins in an insignificant manner, usually the appearance of a tiny pimple or sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time the victim finds his body is affected from head to foot. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, yellow splotches disfigure the skin, the glands in the groin and neck swell, and as the poison becomes more thoroughly saturated into the blood the hair and eyebrows come out.

Contagious Blood Poison is too dangerous to trifle with. Medicines which merely check the progress of the poison for a time and leave the insidious germs smouldering in the blood, have brought misery and disappointment to

COVERED WITH SORES.

spread all over my body. These soon broke

out into sores, and it is easy to imagine the

suffering I endured. Before I became con-

vinced that the doctors could do me no good

had spent a hundred dollars, which was reall

thrown away. I then tried various paten

medicines, but they did not reach the disease

When I had finished my first bottle of S.S.S.

I was greatly improved, and was delighted

with the result. The large red splotches or

my chest began to grow paler and smaller

and before long disappeared entirely. I re-

my appetite greatly improved. I was soot

entirely well, and my skin as clear as a piec

58 Clinton St., Newark, N. I.

gained my lost weight, became atronger and

I was afflicted with a terrible blood di which was in apote at first, but afterwards

thousands. Faithfully they took such treatment for months, perhaps years, only to find when it was left off that the vicious disease was ready to crop out again in all its former destructiveness.

The only possible way to cure Contagious Blood Poison is to remove the cause. This is just what S. S. S. does; and it is the one medicine that absolutely and thoroughly cleanses the blood of every trace of germs and virus of the disease. S. S. S. goes into the circulation, and while remov-

ing the cause makes the blood pure, fresh and healthy. This causes a general upbuilding of the entire system, and when S. S. S. has made a cure the patient experiences a change to vigorous, robust health.

S. S. S. is made entirely of roots, herbs and barks. It does not contain the slightest particle of Mercury, Potash or any other mineral substance to upset the stomach, affect the bowels, or inflame any of the delicate membranes of the body. On the other hand, it is a fine tonic, made of botanical ingredients that aid the system in every way to overcome the effects of Contagious Blood Poison. We have a book on Home Treatment which we will send, together with any medical advice THE SWIFT SPECIFIC CO., ATLANTA, GA.

Anderson's Sentence Not Yet Commenced

He Evaded the Constable's Eye Long Make a Get-Away.

Louis Anderson, the man who was found guilty of disturbing the peace of Steven Hughes and who was sentenced to serve ten days in the county jall by Justice Carr in consequence, has not jet commenced serving this sentence. In fact, it is rather doubtful if he ever will. He "flew the coop" night before last and never even got within view of the courthouse.

It came about in this wise, as near as could be learned yesterday; After being sentenced in the court, Constable Estrada escorted Anderson back to jail, where he was allowed to repose until within half an hour or so of train time. The constable then brought him back up town to get supper before entering upon his sentence. It wa the constable's intention to take him to the Tempe house for supper, but An derson demarred at this. As they passed the Owl restaurant, he said, "Let me eat in here; I've got the money to pay for it." The constable granted the necessary permission, and his prisoner was soon seated at a ta ble. Estrada stepped outside for a short time, and the moment his back was turned Anderson asked the proprietor if he might go back to the kitchen and wash before eating. This he did, but instead of stopping to wash he kept right on moving, and at a fair but because it really has cured many rate of speed. So fast did he travel cases of Tuberculosis. If it is a fraud ountry produces in the way of apples. | that, though it was only a moment or two until Estrada discovered his disappearance, he was nowhere in sight and no trace of him bis since been

ARRESTED cough that has been hanging on for over two months by taking Ballard's Horehound Syrup. If you have a cough, flon't wait-stop it at once with this wonderful remedy. Splendid for coughs claity.

PAPID DECISION. -You ought to give me a week to He-Why, it didn't take me ten min-utes to decide after I'd met you.

Proprietary Medicine Frauds Should Be Exposed

There have been plenty of them, as loubt, and they have been vigorously ondemned-so vigorously, that ever sort of medicine, the formula of which privately owned, is condemned and pronounced "unethical" by the Medical Profession.

Eckman's Alterative deserves attenon, not because it is a "proprietary" it needs exposing badly, because umber of cured Consumptives will need to find some other reason for be ng well.

Henry Clay said he would rather be right than be President. Is it not better for Eckman's Alterative to make cures than to be ethical? Weldon, Ill., Feb. 3, 1996.

In July, 1905, my physician sent me o Texas, from there to Colorado. I beime worse and was sent home to die heard of Eckman's Alterative, began treatment, and was cured. I earnestly recommend Eckman's wonderful cure for Consumption.

(Signed Affidavit), ARTHUR WEBB, ECKMAN'S ALTERATIVE is good or throat and lung trouble and is or sale at all druggists in Phoenix. Ask for Booklet of cured cases. It can also e obtained at or procured from your local druggist. If not, send this advertisement with Two Dollars to ECK-MAN LABORATORY, Philadelphia Pa., and we will send you one bottle prepaid to your nearest express office

FASHION TALKS

A FASHIONABLE SUIT IN RUSSIAN STYLE.

SIAN suits are among the smartest of all things just now and here is one, the coat of which is closed from left to right, that feature making one of the very latest novelties. It is made of French serge braided with silk rat-tail cord. It is

exceedingly smart yet

kirt is plaited at the

lower portion but

plain over the hips.

Altogether the suit is

as chic as well can be. The sleeves of three-

quarter length are

much liked for the

spring but long ones could be used if pre-

ferred and the mate-

rial can be finished in this way or with a

big square seilor col-

lar as may be found

most becoming. The tunic or peplum is joined to the blouse

under the belt, con-

quite simple and more

easily made than the

severe tailored sort.

The seven gored skirt

provides just becoming and graceful fulness

at the lower edge. The

suiting materials are many and varied this

season and the model

is adapted to them all.

made from chiffon broadcloth, it would

be exceedingly hand-some made from one of the new pongees

that give a poplin ef-fect while also the same model can be

used for lighter weight

pongees, for linen and, indeed all seasonable

suitings. Braiding is

fashionable and al-

ways handsome but it

is not necessary, for

straight banding can be used in its stead

and the bands could

be of braid or con

trasting material. Wide with narrow

braid would make a

good effect and bands of satin and of moire

are much used on wool materials. The belt could be of leather if

better liked, for leather

belts are having great

vogue, but this suit trimmed with sou-

tache throughout is es-sentially smart and is

characteristic of much

that is best of in

size will be required, for the coat 5½ yards of material 27, 3½ yards 44 or 3 yards 52

skirt 6% yards 27, 4% yards 44, 4% yards 52 inches wide. A May

For the medium

6410 Seven Gored Walking Skirt. 34 to 42 inches bust, or of the skirt, No. 6410, sizes 22 to 32 inches waist, of the braiding pattern for the coat, No. 442, or the braiding pattern for the panel, No. 489, will be mailed to any address by the Fashion Department of cent stamp for letter postage which insures more prompt delivery.)
